Research the Ways

Information is magically available through the technology of the internet. Find and watch a good video on Basic Personal Finances.

Look Within

List out your Goals from small and easy, to practically impossible.

Review and Upgrade Your Gold Storage

Look over how you store your treasure. There may be a bank or credit union that can store your treasure with no fees & with higher interest rates. There may be loan that could be refinanced saving you some of your gold in your treasure chest.

Donate an item you don't need, to a person who would enjoy it. Make it fun and give it to them as a prize for completing a quest you create
